

Our prices

Before starting on any treatment we will explain and discuss the options available to you. This will help you decide which is best suited to you, your budget and your lifestyle. We will then provide you with an estimate in advance.

A current fee guide is available at reception or visit our website.

Under 21's NHS

The dental health of our younger patients is very important to us.

We provide dental care on the NHS for children and young adults up to the age of 21.

If any treatment is necessary, we will always provide you with NHS and private options.

Composites

Composite is the material of choice when replacing fillings and restoring teeth following dental decay. These 'white fillings' have replaced amalgam in today's modern dentistry and give a lasting aesthetic result.

Hygienist & therapist

Our hygienist and therapist can play a vital role in your oral healthcare routine. Recall intervals will be tailored to promote an on-going improvement in your oral health.

Tooth whitening

Tooth whitening will make a big difference to your smile. We can provide a professional whitening system for you to use at home at a time convenient to you.

Welcome to Orchard Cottage

At Orchard Cottage Dental our experienced team offer a blend of professional, high quality dentistry and a friendly, personal service to patients of all ages.

We enjoy getting to know our patients and making them feel relaxed and cared for.

Many tell us that they feel comfortable being looked after by the same team time and again.
